There are three little things which do more work than any other three little things created—they are the ant, the bee and the little early riser, the last being the famous little pills for stomach and liver troubles. Stormes' Drug Store. 1m
The Indiana Farmer tells of a home-made "stake breaker" which is constructed as follows: Take a square beam of hard wood 6x8, feet long; at the middle let in two 2x4 pieces, one inch deep, like the horns on a wagon; fasten down with lead screws, put in the wagon tongue, bolt on a piece across the front end of the horns over the tongue to prevent breaker from dipping; bolt a 2x4, 18 feet long hard wood piece on under side of beam, which can be replaced when worn. This will break three rows of stalks at a time, does the best of work, and does not scot around like the pole and chains; it makes a fine implement to run over the young crows while frozen, it breaks down weeds and stubble, and insures a crop of hay free of trash.
What pleasure is there in life with a headache, constipation and biliousness? Thousands experience them who could become perfectly healthy by using DeWitt's Little Early Risers, the famous little pills. Stormes' Drug Store. 1m

It is applied externally, which is the only way to get relief. Medicines taken internally will not help and may result in harm.

For Sale.
I will sell my farm of 73 acres situated in Garrard county, 2 1/2 miles northwest of Paint Lick station, on the L. & N. Railroad. It has on it a new house with six rooms, a new barn and other necessary buildings and also a good tenant house. There is a well of water at the door, the best in the county, not failing during the drought last summer. The water is so cold that we never have to use any ice in the hottest weather. The farm is under good fence and is very productive and will produce anything that grows in this country. It is supplied by a spring of pure running water that never has been known to go dry. My reason for selling: My physician advises me to change climate on the account of my health. Address

Loss Satisfactorily Adjusted and Money Promptly Paid.
BRYANTSVILLE, KY.
To the members of the Kentucky Growers Insurance Co., and to whom it may concern:
Owing to the many inquiries relative to the loss of my dwelling by fire I wish to say for the benefit of those interested, that the amount due me under my policy in case of a total loss was determined when I made my application and as shown by my policy. Owing to my absence in Virginia my loss was not certified by Mr. G. T. Higginbotham, Chairman of Garrard county board, to the company for payment until Nov. 22, and in less than sixty days thereafter I received the entire amount insured for. For solvency and cheapness every farmer should consider our company before insuring elsewhere.
Yours truly,
N. Noy.
